PEERS 4 CAREERS

**PROFESSIONAL SUCCESS THROUGH
PERSONAL ACCOUNTABILITY**

Peers4Careers is a 9-month accountability program. This unique format is offered for the second time by the LBG Career Center to Pre- and Post-Docs of the Ludwig Boltzmann Gesellschaft, Austrian universities, and other Austrian research institutions.

SETTING GOALS
IS FAIRLY EASY.
REACHING THEM
IS OFTEN HARD.

LACK OF TIME
& SUPPORT LEAVE
MANY GOALS
UNFULFILLED.

PEERS4CAREERS
WILL CHANGE
THAT!

THE PROGRAM

Peers4Careers (P4C) is an accountability program. An accountability partnership is a highly effective tool for setting goals and maintaining motivation with support from peers and a trainer. It is unique in its format, as it focuses on self-reflection, collaboration, and motivation.

The program kicks off with a 2-day P4C Retreat. You will define your core values, set a concrete goal, and lay out action steps towards reaching it. For 9 months, you will dedicate time each week to reaching that goal. Your peers will keep you motivated and an experienced coach will guide you to growth and success.

THE MORE YOU PUT IN, THE MORE YOU GET OUT!

Join now to gain accountability and reach your goals. Consistent, steady progress and peer support will accelerate your success!

PARTICIPANTS

This year cohort will welcome up to 16 participants. It is perfect for researchers who want to excel at their **current roles** and those preparing for a **career change**.

PEER MATCHING

During the program, participants will be matched in groups – your P4C Pods. Since members of each P4C Pod will motivate and support each other during the P4C Journey, a wide range of voices, viewpoints, and experiences add value to P4C Pods.

PROGRAM LANGUAGE

English is the leading language for researchers across the globe. For that reason, the program will be in English.
